# NAFA NEPAL EARTHQUAKE APPEAL

The Nepal Australia Friendship Association (NAFA) is a Brisbane charity which has been working in poor rural villages in Tawal, Nepal, for the past 15 years. The earthquake destroyed 100% of homes in Tawal and many people lost their lives especially the elderly and children. With their homes now destroyed, 1173 households in villages around Tawal urgently require food and shelter before the monsoon weather arrives.

**\$153** can provide a family with food (rice) and shelter (iron roofing) for the next 5 months of the monsoon season.

Help a family survive by making a tax-deductible donation today at **[www.nafa.org.au/donations](http://www.nafa.org.au/donations)** 100% of funds go towards the people and projects in Nepal.
